HYTILE HALLAM

Now in its third year of operation, Hytile Hallam continues to expand, providing equipment, repairs and supplies to our customers in the south-east and Mornington Peninsula areas of Melbourne. Give Peter a call on 03 8786 3748 with any enquiries, or drop in for all your equipment, supplies and repairs: **Factory 2, 42 Melverton Drive, Hallam** (30 seconds from the Hallam pub).

HYTILE Ridge Cover

Save **TIME** and **MONEY** in bad weather.

Protect your bedding and pointing with a **HYTILE Ridge Cover**. These new, easy to use, heavy-duty covers will ensure your hard-work, time and money are not washed away in a downpour. Call us, or your local Hytile agent, to place your order.

Great low price per 7 metre tarp.

NEW BELT ELEVATOR in N.S.W.

See Hytile's new model **CLIP-TOGETHER Belt Elevator** on display in Sydney at: **Roof Tile Recyclers, 79 Long Street, Smithfield - Phone: 02 9756 3350**

Extra features available include a fully adjustable bend in the top section. This enables the elevator to reach further up the roof, allowing for easier removal of tiles. Give Mark at Roof Tile Recyclers a call – he'll be happy to demonstrate it for you.

HYTILE TILECUTTERS

No dust, no danger, no worries!

Hytile Tilecutters are the safe, dust-free way to cut all your roof tiles..... and using a durable, light-weight Hytile Trimming Tray with your Tilecutter ensures that the roof and guttering are kept free from bits and pieces of cut-off tile, ensuring a clean, professional finish to your job.

HYTILE FLEXIBLE POINTING

This product is a favourite with roof tilers who want a top quality product they can rely on.

Easy to use, and without a strong chemical odour, it's available in a range of popular colours.

LEASING A HOIST OR ELEVATOR

If you'd like to up-date your old machine, consider a leasing arrangement. For as little as around \$60 per week (or a slab and half of beer!) you can take possession of a brand new hoist or elevator.

BLUNDSTONE 505s

Hytile Croydon and Hytile Hallam have a full range of sizes in the very popular Blundstone 505 work-boot. Feedback from you blokes on the roof tells us these boots grip even in the wet.

Bucket Boots

Use a Bucket Boot to stop your pointing buckets sliding down the roof.

These heavy-duty rubber boots fit snugly around the base of your flexible pointing buckets, preventing them from slipping, and freeing up both your hands.

**POWERS GAS NAIL
GUNS AVAILABLE -**
complete with two batteries.

A wife's prayer....

*"I pray only for Wisdom to understand my man,
Love to forgive him, and Patience for his moods,
because if I prayed for Strength, I'd beat him to death!"*
