- **Batten Trolley**
- **Ridge Covers**
- **Extra Long 2 Section Cable Hoist**
- **Tilecutter & Trimming Tray**
- **Solar Panel Lifter**

END OF FINANCIAL YEAR NEW EQUIPMENT?

Now may be a good time to consider updating old equipment...

June might well be the final opportunity to take advantage of the Federal Government's Temporary Full Expensing (TFE). The TFE supports and encourages small businesses by allowing a full tax deduction on new equipment purchased prior to the end of the current financial year.

IT'S THAT TIME OF THE YEAR AGAIN...

Investing in a few Ridgecovers can protect your hard work, time and money. Using Hytile Ridgecovers prevents pointing washing away in a downpour.

GIVE YOUR BACK A BREAK!

USE A HYTILE BATTEN TROLLEY

Today's small blocks mean options for loading a roof from all sides can be limited. In these situations Batten Trolleys are a big advantage in speed, not to mention wear-and-tear on your back!

Just load up the Batten Trolley and transport tiles from one end of the roof to the other with a minimum of physical effort.

DO YOU WANT A CABLE HOIST WITH MORE REACH?

For those who want a folding 2-section Cable Hoist that reaches a bit further without having to add in another section, we've got just the thing...

Our most recent development is an extra-long 2-section Cable Hoist. The top section is 1.2m longer, but the transportable length of the folded unit doesn't change.

TILECUTTER & TRIMMING TRAY

Australia leads the world when it comes to cutting roof tiles safely. Used by Australian roofers for over 50 years, Hytile Tilecutters are the only tile-cutting method that does not produce fine silica dust particles. These particles are a major cause of silicosis, a debilitating lung disease that has become a big health and safety issue in many countries.

HYTILE SOLAR PANEL LIFTER

Take the heavy lifting out of getting your solar panels (and tools) to the roof!

Brad from Solar One (Egmont Solar) in New Zealand loves the Solar Panel Lifter he bought earlier this year:

WELL DONE HERITAGE STATE ROOFING!

Heritage Slate Roofing took out a couple of awards for their impressive work at the NSW Roofing Industry Association.

“Bloody awesome, ABSOLUTE GAME CHANGER.

Was going to put it on social media but then decided against it cos I don't want my opposition to get wind of it!”

Head to the @hytileaustralia instagram to see for yourself!

“In the long run, compromise will get you further than stubbornness.”
