WARM WELCOME FOR NEW DUO

The much anticipated release of the new Hytile "Rapid Return Light" Cable Hoist and "UFO" Belt Elevator has been given the thumbs up by our tilers.

YOU'RE INVITED . . .

For the benefit of our Victorian customers, a demonstration of these two new machines will be held.

WHERE: Hytile's premises at
14 Railway Crescent,
Croydon,

WHEN: Thursday 22nd April at 4.30pm.
These latest models offer many new and improved features to help make your job easier and faster, so please come along for a beer and a chat and see Gary and Peter demonstrate our latest offerings.

U.F.O. Belt Elevator

It's features include:

- **Safety lift-off platform at the top**
No need to stand so close to the edge of the roof.
Can be dropped down when not required.
- **It's lighter**
Improved design makes it easier to lift.
- **Much improved tracking system**
No more stainless steel.
- **Replaceable belt savers under the tiles**
Tiles do not come in contact with the belt, so no need to re-position cleats.
- **Simpler cleat system**
Cleats have no wheels or skids to replace.
- **35ft length now available**
Choose from 22, 32, 35 & 38ft models.
- **Reverse now standard**
To strip the roof, just flip the switch and the tiles come down.

- **12 volt electrical cut-off switches**
At top & bottom.
- **Base wheel lock**
Lock the base wheels with just a tap of the foot.
- **Best model yet!**

BUILDING INDUSTRY REMAINS HEALTHY

Figures released in February by the Housing Industry Association show that the fall in total housing finance in December was relatively modest, down only 0.8 percent.

Harley Dale, Senior Economist for the Housing Industry Association, says "The HIA is forecasting only a modest pull-back in housing starts in 2003/4 and 2004/5, in other words a soft landing for the new housing sector."

RAPID RETURN - Ultra light, "V" Shape, Folding Cable Hoist Rapid Return

The trolley on the Rapid Return Folding Cable Hoist returns to the base at over two times the regular speed. It has a lighter, more simple tile lift-off mechanism at the top end, a 12 volt control system and a handrail around the base for easier lifting. Unfold the hoist and you're ready to go!

WIN!

WIN \$2,000 OFF A NEW HOIST OR ELEVATOR!

How Old Is Your Hoist????

Hytile Hoists have been produced since 1965 and many of those early hoists are still in operation.

The owner of the oldest hoist still in use will win a \$2,000 credit towards the purchase of a Hytile hoist of their choice. All you need to do is send in a photo of yourself with your old hoist and write the hoist serial number on the back of the photo. Entries close on Friday, 14th May 2004

CHRISTMAS HAMPER

"What a lovely surprise" was Mark Mitchell's response to receiving the Hytile Christmas Hamper. Mark, of Mitchell Roofing in Narre Warren was the lucky winner of the Christmas Hamper filled with goodies and, in true Christmas spirit, says he shared it around

What a handy TRIMMING TRAY

Graeme Jones, a Hytile customer for the past 28 years has a novel use for the Trimming Tray. He swears that the best way to relax at the end of a hard week is to fill the Trimming Tray with hot water, add some metho (to the water, that is!) and stick his feet in whilst sitting back with a stubby. Aahhhhh!
