

In this issue:

- Christmas hours
- Agent across the Tasman
- Delicious Christmas hamper
- Snap-together Cable Hoist
- Ladder safety
- Trimming Tray
- New improved Trolley
- Mud Buckets
- Hytile Flexible Pointing
- Tilecutter maintenance
- Lease a new hoist or elevator

Merry Christmas

From all at Hytile, thank you for your custom during this past year. We wish you and your families a Merry Christmas and a Safe, Prosperous and Happy New Year.

CHRISTMAS TRADING HOURS

Hytile's three outlets at Croydon, Hallam and Hoppers Crossing will all close for the Christmas break at lunchtime on Friday 21st December, and resume trading on Monday 7th January, 2013.

CHRISTMAS HAMPER

If you make a purchase from Hytile or one of our agents during the month of December, you will automatically go into the draw to win a Hamper full of delicious Christmas goodies! The lucky winner will have the hamper delivered to their door before Christmas. Good Luck!

“NEW” ZEALAND AGENT

We would like to welcome our new agent in the land of the long white cloud. Jarrod Gillespie from Macmillan Slaters and Tilers can help you with all your Hytile requirements.

Macmillan's have been involved in the roofing industry for over 38 years and are long-time users of Hytile equipment. They import and install new and old slate and clay tile roofs throughout New Zealand and Australia, and also have a selection of obsolete tiles to repair older buildings.

They now stock a range of Hytile equipment, including the current model Belt Elevators and Cable Hoists that make your job easier than ever. Give Jarrod a call - he'll be pleased to demonstrate them for you.

It's easy to tell what's on Jarrod's mind!*

SNAP-TOGETHER OPTION FOR YOUR CABLE HOIST

This new feature does away with the bother of lost bolts, and makes assembly quicker and easier than ever before. Just unfold, and your Cable Hoist will snap firmly into place, ready for use.

This enhancement can also be fitted to older model machines.

HYTILE GUTTER PRO

Stay safe and protect your guttering from scratches and dents.

A sliding ladder can not only damage the gutter, it can send you tumbling to the ground, and on many occasions right into the casualty department of the nearest hospital.

The Gutter Pro helps prevent your ladder moving sideways, and keeps it from coming into contact with the guttering.

Use a Hytile Gutter Pro with your ladder for a safe, professional, hassle-free job.

NEW MODEL CABLE HOIST TROLLEY

Tensioning your wirerope couldn't be simpler on our new Cable Hoist Trolley. No more fiddling around with a bulldog clamp - you set up your wirerope only once for the life of the cable, and add tension with the quick twist of a dial.

MUD BUCKETS

Need a hardy metal bucket to mix your bedding in? Hytile now stocks mud buckets, so grab one next time you're in.

HYTILE FLEXIBLE POINTING

Have you tried Hytile's popular flexible pointing? It comes with money back guarantee.

Try it, you won't be disappointed.

TRIMMING TRAY

Contain all your cut-off tile pieces in one place with a durable Hytile Trimming Tray.

TILECUTTER MAINTENANCE

Maintaining your Tilecutter will ensure you get fast, easy, accurate cuts.

When sharpening your chisel with a grinding wheel, make sure you have a container of water handy to keep the chisel edge cool. Hardness will be lost if it gets too hot.

As the chisel wears, the gap between the chisel and cutter wheel widens. When this happens, don't just slide the chisel down and nip up the grub screw - it will pop back up with the first cut. Instead, pack some small washers under the base of the chisel.

Replace your cutter wheel when it gets blunt.

Worn bolts in the handle and plunger linkage can make the cutting action sloppy. To fix this just replace these bolts with our special oversize ones.

If you'd prefer us to maintain your Tilecutters, just drop them in to your local Hytile outlet and we'll have them working like new in no time.

LEASE A NEW HOIST OR ELEVATOR

Are you constantly spending time and money patching up an old machine that has seen better days? Perhaps it's time for a new Cable Hoist or Belt Elevator.

Financing new equipment might be just the solution for you, so whether you're local or interstate, give Cheryl or Faye a call on 03 9725 4488.

"The harder you work, the luckier you get."
